To whom it may concern,

I am pleased to provide this reference for Jonathan Walsh for an internship. I have known Jonathan for around 2 years now. During that time, Jonathan has developed in both his character and competencies in the leadership positions he has occupied both in our church student accommodation, as well as within the ministry of our church.

He has consistently shown himself to be reliable, thoughtful, and committed. During the time I have known him he has been actively involved in the life of the church, serving in a number of areas including as a senior resident of our student accommodation, as well as serving in other ministry areas such as youth group.

He has been an occupant of the student accommodation for the last two years and is cooperative with all requirements of the tenants, is considerate and respectful of the property and individuals with whom he lives. Rent has always been paid on time.

I do not have any reservations in commending his character and behaviour and am confident he would be an asset to any workplace he joins.

I commend Jonathan to you without reservation.

Yours sincerely,

James Ulrich - Minister and University Accommodation Manager
